Health and Social Care Act 2008

Part 3

Location(s), and

- the people who use the service there
- their service type(s)
- their regulated activity(ies)

Fill in a separate part 3 for each location

The information below is for location no.:	11	of a total of:		locations
--	----	----------------	--	-----------

Name of location	Millfield Surgery
Address	Millfield Lane Easingwold North Yorkshire
Postcode	YO61 3JR
Telephone	01347 821557
Email	hnyicb-voy.millfieldreception@nhs.net

Description of the location	
(The premises and the area around them, access, adaptations, equipment, facilities, suitability for relevant special needs, staffing & qualifications etc)	
Millfield Surgery is an NHS GP practice providing a full range of primary medical services to our registered population of approximately 8000. We provide a dispensary service to those patients who are eligible. The practice operates from a purpose-built, two-storey premises which underwent significant refurbishment and redevelopment in 2021 to accommodate growing patient demand and improve service delivery. The surgery is located in the rural market town of Easingwold, North Yorkshire, approximately 15 miles north of York. The building includes multiple clinical consultation rooms, treatment rooms, administrative offices, and a patient waiting area. It is fully accessible, with step-free access, disabled parking bays, and accessible toilet facilities. All clinical services are provided on the ground floor. On-site parking is available for both staff and patients. The premises support a range of regulated activities including treatment of disease, disorder or injury, diagnostic and screening procedures, surgical procedures, and family planning services. The location also serves as a base for other community services such as midwifery services, and collaborative services with the wider Primary Care Network. As of October 2025, Millfield Surgery is operated by a 6 GP partnership. The clinical team also includes one salaried GP, two Advanced Nurse Practitioners (ANPs), three practice nurses, two HCAs and a range of allied health professionals. These include social prescribers, occupational therapists, physiotherapist and a remote pharmacist team, all working in collaboration with the Primary Care Network. The practice is also a training site for GP registrars and medical students, contributing to workforce development and continuity of care. We offer a mixture of same-day, urgent, and routine appointments to meet the varying needs of our patients. Daily home visits are provided for those who are housebound, ensuring continuity of care for vulnerable individuals. We also provide GP services to one nursing home within our practice area as well as other residential care facilities. Millfield Surgery utilises a fully integrated electronic patient record system and offers online prescription services. We encourage the use of digital communication tools for patients who are able to access these, supporting flexible and efficient care delivery.	
No of approved places / overnight beds (not NHS)
